A big thank you...

Oakwood University

I really enjoyed chatting to the children this week about their first session at university. Activities ranged from intricate colouring, moving to a chosen piece of music, discussions around the importance of teamwork in sports, drawing using a computer and in yoga, children considering their special place. It was heart warming to hear that a few children chose Oakwood as their special place.

Quote from the Community

I received some lovely feedback from a local resident this week. This resident popped into One Stop and joined the queue at the same time as a child from Oakwood. This child insisted that the resident went in front of her in the queue and she would stand behind. This child not only demonstrated our rule of respect towards others but went 'above and beyond' in their behaviour by being kind and considerate!

See you all again on Monday.
